

K-LOVE Radio serves me as a resident in this community by always being positive and upbeat, they not only provide a strong positive message that is encouraging, uplifting, and a true blessing to us all. If K-LOVE radio were displaced by a LPFM broadcaster providing other programming, the local community would be left with no other station that is informative on current events, espically their coverage of positive stories, and not focusing so much on the negative issues to which we hear so much of. I believe the service provided by the K-LOVE Radio station is in the public's interest because it has so a positive message of hope, love , joy. There are too many people who are exposed to this station that are profoundly impacted by its' encouraging message, people's lives literally do change when exposed to this broadcast. PLEASE DO NOT ALLOW these new LPFM stations to take priority over current FM translator services. Thanks so much in advance, Kyle & Yvette Bryant
